

## Love Only Happens

*Riding on smiles that illuminate your face,  
trembling inside as I long to embrace.  
That wondrous feeling as our fingers touch!  
I'm head over heels, move closer my love.*

*Love only happens when you give it away.  
Love only happens to express what you can't say.*

*My heart is racing, you're so close to me  
my body aches all over; set this passion free.  
That wondrous feeling as we move to combine!  
I'm head over heels in love now, be mine!*

*Love only happens when you give it away  
(Love only happens) to express what you can't say  
(Love only happens) in words.*

*Where does it come from? No one can say.  
When these things happen, just hold on to the day.*

*My mind is drifting away on the song,  
so much emotion is riding upon  
that wondrous feeling as our fingers touch.  
I'm head over heels! Are we questioning too much?*

*Love only happens when I'm thinking of you.  
Love only happens when I'm dreaming it too.  
Love only happens when it's true.*
